## LOCAL MATTERS.

PINANCIAL AND COMMERCIAL.

Commodore Vanderbilt's death created quite a stir in this community. A number of our friends, under the impression that we were related to the lamented Commodore, and inspired with the belief that his last will and testament mentioned us quite favorably, undertook to collect sundry bills of divers amounts when the announcement of his death was made by the newspapers. But these zealous friends were sadly mistaken. We are not akin to Vanderbilt or any other millionaire that we know of, and the only possible chance to pay our debts is for the subscribers of the Anderson Intelligencer to settle up their arrears to this office. When this is done, we will cheerfully turn over the money to our creditors, or if they prefer we will turn over the newspaper accounts, which are warranted to be promotive of health and longevity, from the exercise it requires to collect them.

## DEMOCRATIC COUNTY CONVENTION.

The Democratic party of Anderson County met in Convention pursuant to adjournment at 11 o'clock on last Monday morning. All the clubs in the County were represented, except Brushy Creek and Fork No. 2, by full delegations, which gave the Convention a membership of about ninety-five delegates. The Chairman, Col. Hoyt, after the enrollment of delegates, announced the Convention ready for business and called Col. F. E. Harrison to the chair, and offered the address which appears elsewhere. Senator Cochran asked for the resolutions to be reread, and the Convention voted to grant the request, after which Mr. E. B. Murray moved that he be allowed to give his views to the Convention upon the address, which was adopted. Senator Cochran then announced himself as a Republican who favored supporting the Hampton government, because he did not believe Chamberlain had been elected. Upon motion of Mr. G. W. McGee, the address and resolutions were unanimously adopted. Mr. G. F. Tolly then presented a resolution endorsing Mr. J. Baylis Lewis for County Auditor, which, upon motion of Col. F. E. Harrison, was tabled. Mr. Tolly then, as chairman of the delegation from Anderson Court House, presented, under instructions of the town club, a resolution endorsing Capt. John R. Williams for Jury Commissioner, which was also tabled. Mr. E. B. Murray then moved to reconsider the vote tabling the resolution, and stated that Samuel Johnson had been recommended for the position, and that he did not think it a proper nomination. Mr. James L. Orrasked permission to be heard, which, upon motion, was granted. He spoke at length sustaining the recommendation of Johnson, and stated that the delegation was unanimous in recommending him. Capt. R. W. Simpson was, upon motion, also heard in defense of the recommendation. Mr. E. B. Murray replied, stating that he did not mean to reflect upon the delegation, and did not construe the resolutions as any reflection. It was simply a difference of opinion. The motion

was adopted. Col. F. E. Harrison moved to adopt the recommercation of the State Executive Committee upon the labor question, which would have been to make no distinctions in the employment of hands. Mr. E. B. Murray moved to substitute the following resolutions, which were adopted:

Resolved, That this Convention adopt the action of the County Executive Committee on the labor question with the addition that Republicans who support the Hampton government, and refuse to pay taxes to the Chamberlain government, and who join the Clubs, be treated as Democrats.

Resolved, That the action of the County Executive Committee he printed with the

Executive Committee be printed with the proceedings of this body. The following are the recommendations of the County Executive Committee, as adop-

ted in December:

1st. The Executive Committee suggest that every Democrat in the County be earnestly requested not to give employment or patronage in any manner to such men as were prominent Republican party or local leaders in the recent election, and that all assistance and encouragement be withheld

from them.
2nd. That the treatment of the rank and 2nd. That the treatment of the rank and file of the Republican party be left unacted upon by our people for the present, and that after the first day of January next, if Gen. Hampton is inaugurated Governor, our people should be magnanimous to the rank and file of the Republicans of this County, and that they be employed upon such differences between them and Democrats as may be fixed upon by the different Clubs to secure a just, deserved and promised advantage to just, deserved and promised advantage to those who voted the Democratic ticket.

ard. That with a view to carrying out the foregoing recommendations, we suggest that a complete list of all the voters in the late election be published forthwith in pamphlet or circular form. That the name of every or circular form. That the name of every Democrat be printed in one list by precincts, with the letter, (W.) and (C.,) to denote white or colored, and that the name of every Republican be printed in another list by precincts, with the letter (W.) or (C.,) to denote white or colored, and that the names of all Republican leaders be distinguished from the rank and file of the party, by having an asterisk opposite to them, and that each Club designate who are such leaders in its bounds.

tts bounds.

4th. We recommend that the Clubs of our County proceed, immediately, to enroll the names of colored men who are willing to become members of our organization, and that all who join before the first day of Jannary next, be treated as Democrats in the contracts to be made for the coming year. ontracts to be made for the coming year.

5th. That we recommend to our people to fulfill, fully and liberally, our promises to colored men who joined our Clubs before the election, by giving them the best places and the highest wages; especially, the prominent lenders on the Democratic side.

The Convention then, upon motion, adjourned. The Convention was a grand success, and shows that the people of Anderson County are unanimous in their determination to support none other than the Hampton government. It is not apprehended that there will be many Republicans, even in this County, who will pay taxes to Chamberlain. Our people have never been more united, and Anderson bids fair long to deserve the well won sobriquet of "The Banner County

## of South Carolina." GRANGE OFFICERS.

Hampton Grange, located at Evergreen, was recently organized by the election of the following officers, and the installation of these officers will take place on Saturday, 20th instant:

The Illustrated History of the Centennial Exhibition, with a full description of the Great Buildings and all the objects of Interest Exhibited in them. By James D. McCabe, author of "The Centennial History of the United States," etc. Embellished with over 300 fine engravings of buildings and scenes in the Great Exhibition.

There is a universal demand for a work which shall embody a complete and carefully written account of the great Centennial Exhibition, sketching its wonderful and varied features, and presenting to the reader not a dry list of the articles exhibited, but a Such a want the National Publishing Co. of Philadelphia have supplied in this superb volume. It is from the pen of the wellknown author, James D. McCabe.

The book is a complete and vivid description of the great Exhibition. The authorhas written from his own personal knowledge, having gone through every part of the great World's Fair, note-book in hand, recording the vast and varied information tues and exalted worth, cherishing with contained in this work. He has received the constant and sympathetic assistance of the Centennial authorities, and has enjoyed peculiar advantages in its preparation. # Cowardly Assaults.

Capt. Benson, on Calhoun Street, hext door When a candidate for high office is so well liked and so popular with the masses as to make his defeat difficult in a fair and honorable fight, mean and cowardly men are no wanting who delight in manufacturing his and slandering his good name. There are also those whose selfishness prompt them to prostitute their honor pervert truth, and ignore right, for the sake of injuring a competitor in business, whose prosperity they envy, and with whose business sagacity they have not the talent to successfully compete in an honorable way. These thoughts are suggested by the mean, cowardly attacks suggested by the mean, cowardy attacks made upon me and my medicines, by those who imagine their pecuniary prospects, injured by the great popularity which my standard medicines have acquired, and the continued growth of my professional practice. Narrow-minded practitioners of medicine, and manufacturers of preparations which do not possess sufficient merit to suc-cessfully compete for popular favor, have resorted to such cowardly strategy as topub-lish all sorts of ridiculous reports about the composition of my medicines. Almanacs, "Receipt Books," and other pamphlets, are issued and scattered broadcast over the land, wherein these contemptible knaves publish pretended analyses of my medicines, and receipts for making them. Some of these, publications are given high-sounding names, pretend to be issued by respectable men of education and position, for the good of the people—the more completely to blind the reader to the real object in their circulation, which is to injure the sale of my medicines.
"The Popular Health Almanac" is the highsounding name of one of these publications which contains bogus receipts, without a grain of truth in them. Not less devoid of truth are those which have been published by one Dr. L., of Detroit, in the Michigan Farmer, and by other manufacturers of medicines, in several so-called journals of Pharmacy. They are all prompted by jealousy and utterly fail in accomplishing the object of their authors, for, notwithstanding their free circulation, my medicines continue to sell more largely than any others manufacsell more largely than any others manufac-tured in this country, and are constantly in-creasing in sale despite the base-lies concoc-ted and circulated by such knaves. The people find that these medicines possess genuine merit, accomplish what their man-ufacturer claims for them, and are not the vile, poisonous nostrums which jealous, narrow-minded physicians and sneaking compounders of counciling medicines reprecompounders of competing medicines repre resent them to be. Among the large num ber of pretended analyses published, it is a significant fact that no two have been at all alike-conclusively proving the dishonesty of their authors. It is enough for the people to know that while thousands, yea, I may truthfully say millions, have taken my
